

YADU KRISHNAN

MERN Stack Developer

Proficient MERN stack developer specializing in building full-stack JavaScript applications. Experienced in MongoDB, Express, React, and Node.js for crafting efficient backends and intuitive user interfaces. Passionate about clean code, collaboration, and continuous learning

Work Experience

MERN Stack Developer

Levelx - Jun 2023 - Present

Developed full-stack web apps using MongoDB, Express.js, React.js, Node.js. Built RESTful APIs, integrated databases, created responsive UIs.

- Created responsive user interfaces with React.js on the frontend
- Developed RESTful APIs and integrated MongoDB databases on the backend using Express.js and Node.js.
- Integrated third-party APIs and services Deployed applications to cloud platforms

Projects

Career-Connect -(ongoing)

Front-end -Github

Back-end -Github

Developed Career-Connect, a job portal connecting job seekers with employers, offering career opportunities and professional networking.

- Designed and implemented the frontend using **React.js** for a responsive and intuitive user interface
- Developed backend services using **Node.js** and **Express.js** to handle server-side logic and API interactions.
- Implemented **MongoDB** for efficient data storage and retrieval.
- Integrated **Socket.io** for real-time communication features, enhancing user engagement.

E-commerce website

Github

Developed an e-commerce web application using **MongoDB, Express** and **EJS** template engine

- User authentication and authorization.
- Product catalog with search, filtering, and sorting capabilities.
- Shopping cart management and order placement.
- Secure payment integration with Razor Pay.
- Admin panel for product management, order fulfillment, and user administration.
- Deployed the application on **AWS** ensuring scalability and high availability.
- Built back-end using **Express.js** and **Node.js** for handling requests and creating APIs .Integrated **MongoDB** for storing and managing product data, user profiles, and orders in the platform.
